Introduction

The King County Appraisal District is a political subdivision of Texas. The Constitution of the State of Texas, Texas Property Tax Code and the Texas Comptroller's Property Tax Assistance Division rules govern the operation of the Appraisal District.

Mission

The mission of the King County Appraisal District is to discover, list and appraise property as accurately, ethically and impartially as possible in order to estimate the market value of all property within the boundaries of the district for ad valorem tax purposes. The effective date of each appraisal is January 1st, unless the property owner has elected to have their business personal property appraised as of September 1st. The district must make sure that each taxpayer is given the same consideration, information and assistance as the next person or business. This will be done by administering the laws under the Texas Property Tax Code and operating under the rules and standards of:

The Property Tax Assistance Division of the Texas Comptroller's Office (PTAD)
The International Association of Assessing Officers (IAAO)
The Uniform Standards of Professional Appraisal Practice (USPAP)

Governance

The appraisal district is governed by a Board of Directors whose primary responsibilities are:

- Establish the district's office
- Adopt an operating budget
- Contract for necessary services
- Hire the Chief Appraiser
- Appoint the Appraisal Review Board (ARB)
- Provide advice and consent to the Chief Appraiser for the Ag Advisory Board
- Make general policies concerning the appraisal district operations
- Develop a written biennial plan for the reappraisal of all property within the district's boundaries

To be eligible to serve on the Board of Directors of the appraisal district, a person must have resided within the boundaries of King County for at least two years prior to their appointment. They serve two-year terms beginning January 1. The Chief appraiser is appointed by the Board and must be licensed by the Texas Department of Licensing and regulation (TDLR).

Members of the Appraisal Review Board are appointed by the Board of Directors. ARB members serve two-year staggered terms. They are limited to serving three consecutive two-year terms. They must be certified by the Texas Comptroller. Their responsibility is to settle value disputed between the taxpayer and the Chief Appraiser. Their decisions regarding value are binding for the tax year protested.

The Ag Advisory Board is appointed by the Board of Directors at the recommendation of the Chief Appraiser. They provide information and assistance in determining the agriculture practices for the county.

Ratio studies generally involve seven basic steps.

1. Determination of study objectives and parameters
2. Design of the study
3. Collection and preparation of market data
4. Matching appraisal and market data
5. Stratification
6. Statistical analysis
7. Evaluation and use of the results

Beginning in 2010, the District underwent the first **Methods and Assistance Program Review** administered by the Comptroller of Public Accounts Property Tax Assistance Division. King CAD was found **in compliance** with the Tax Code Section 5.102, Comptroller Rule 9.301 and the 2010-2011 MAP requirements. The District was also found to be **in compliance** with the each MAP Review thereafter. Appraisal practices must be kept up-to-date and consistent with requirements of the Tax Code; Comptroller rules; generally accepted standards, procedures and methodology; and other laws. Tax Code Section 5.102 requires the Comptroller to review each district’s governance, taxpayer assistance, operating standards and appraisal standards, procedures and methodology at least once every two years. Since the inception of the Methods and Assistance Program Review (MAPS), King County Appraisal District will have a Property Value Study during odd numbered years and the MAP Review during even number years.

Reappraisal Plan

The property in the District is physically inspected at least once every three years. Class, neighborhood, and location accomplish this. Once this reappraisal is accomplished, the District will maintain a three year reappraisal plan. Mineral, Industrial, Utility and Business Personal Property are inspected and appraised annually. This service is contracted to Pritchard & Abbott, Inc.

The following is the appraisal schedule planned for King CAD:

- Tax Year 2021 – Market Area Three inspected and appraised. This includes rural land parcels in the Southern part of King County, starting at the Stonewall/King County line and ending at the townsite of Guthrie, including real, open space/ag-use, residential, irrigation, and large acreage tracts; together with discovering and identifying any new properties throughout King County.
- Tax Year 2022 - Market Area One inspected and appraised. Rural land parcels in the Northern part of King County, including real, open-space/ag-use, residential, irrigation, and large acreage tracts. In this appraisal, overlapping property with Foard County will be included as well as the community of Dumont; together with discovering and identifying any new properties throughout King County.

School taxes

- All residence homestead owners will receive a state mandated \$25,000 homestead exemption from their home's value for school taxes.
- Guthrie CSD has also adopted a local exemption from school taxation of 20% of the appraised value of residence homesteads. The amount of the optional exemption cannot be less than \$5,000.00. This percentage exemption is added to any other home exemption for which an owner qualifies.
- Age 65 or older and disabled exemptions: Individuals 65 and older and/or disabled residence homestead owners may qualify for a \$10,000 homestead exemption for school taxes, in addition to the \$25,000 exemption for all homeowners. If the owner qualifies for both the \$10,000 exemption for 65 and older homeowners and the \$10,000 exemption for disabled homeowners, the owner must choose one or the other for school taxes. The owner cannot receive both exemptions. A 100% Disabled Veterans exemption is also available.

County taxes

- King County collects a special tax for farm-to-market road flood control. Residence homestead owner will receive a \$3,000 exemption for this tax. This exemption is in addition to the local option exemption noted above.

If you have any questions about exemptions and how to apply, please ask the District for assistance.

APPLYING FOR AN EXEMPTION

- You may file an Application for Residential Homestead Exemption with the appraisal district for the homestead exemptions up to one year after the taxes on the homestead are due. Once you receive the exemption, you do not need to reapply unless the chief appraiser sends you a new application. In that case, you must file the new application. If you should move or your qualification ends, you must inform the appraisal district in writing before the next May 1st.
- You may apply to the appraisal district up to one year after the date you turn 65 or qualify for disability, or up to one year after the taxes are due, whichever is later. If your application is approved, you will receive the exemption for the entire year in which you turn 65 or become disabled and for subsequent years as long as you own a qualified homestead. Beginning in 2005, if your date of birth was on your original homestead application or other written correspondence to the appraisal district about your homestead you will automatically receive the 65 or older exemption without applying, if you are entitled to the general homestead exemption.
- You are eligible for the Disabled exemption if you can't engage in gainful work because of a physical or mental disability or you are 55 years old and blind and can't engage in your previous work because of the blindness. To qualify, you must meet the Social Security definition for disabled. You qualify if you receive disability benefits under the federal Old Age, Survivors and Disability Insurance Program administered by the Social Security Administration. Disability benefits from any other program do not automatically qualify you. To prove your eligibility, you may need to provide the appraisal district with information on your disability.
- In addition to the residential homestead exemption, allowable to disabled veterans with a 100% service connected disability, disabled veterans are allowed a general exemption on property they own based upon the percentage rating as determined by the Department of Veterans Affairs. Current exemptions amounts based upon their rating are:

10-29 %	\$5,000
30-49%	\$7,500
50-69%	\$10,000
70-100%	\$12,000
